Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question

We would say to

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee

The "Sentinel" for the Campaign.

As many persons may be desirous to obtain the *Sentinel* for the Campaign, without ordering it for the full term of a year, we publish the following rates, at which we will send one or more copies of our several editions, from July 15th to December 1st. As the Election occurs Nov 4th, this ought, in these days of telegraphs, to enable us to give the result in all of the States of the Union except California, in the last number.

DAILY,	$2 50
TRI-WEEKLY,	1 25
WEEKLY,	37½

The above rates for the Daily and Tri-Weekly are somewhat less than our regular terms. For the Weekly they are the same as $1 per year. CIRCULATE THE DOCUMENTS.

NEWS OF THE MORNING.

A serious accident occurred yesterday on the Northern Pennsylvania Railroad. Our New York correspondent, whose dispatch was delayed until a late hour, telegraphs us that 50 were killed and 70 wounded—some very seriously. Seventeen were burned to a crisp in one car, and seven in another. An awful scene was presented.

The *Northern Indiana*, on her passage from Buffalo to Toledo yesterday, took fire and was burned to the water's edge. The loss of life is fearful. The details will be found under the telegraph head.

A corrected version of the "Brooks-cris" at the Metropolitan, is given this morning.

Majority Committee of House report that Archer, of Illinois, was cheated of majority of two.

The funeral of GEORGE H. SILKMAN, whose sad fate is yet wrapped in impenetrable mystery, was attended yesterday by a large concourse of heart-stricken and sympathising friends.

Full particulars of the tragical death of young SMITH will be found elsewhere. The colors of the Light Guard were hoisted half mast from their Armory yesterday, out of respect to the friends of their deceased comrade.

THE WELSH FOR FREMONT.—The Welsh citizens of Racine and vicinity held a large and enthusiastic meeting on the 5th inst., to consider their duty as electors, in the approaching Presidential campaign. Spirited addresses were delivered by the Rev Mr. GRIFFITH, Rev Mr. FULLER, EVANS, JONES, ROBERTS, and other gentlemen, and resolutions adopted pledging the Cambro Americans to the cause of Freedom and Fremont.

The New Despotism over Kansas.

The last Douglas-Kansas bill to which the Pierce-Buchanan party is committed, provides for the election and organization of a convention "to form a constitution and state government, and ☞ without submitting the constitution thus formed to a vote of the people, admits the state into the Union "on an equal footing with the original states," and makes action of ☞ that convention a finality, and ☞ denies to the people the invaluable privilege of voting upon the organic law of the new state.

Now we ask every Freeman of Wisconsin whether you would submit to have a convention called, even when a Territory, and the acts of that convention to be your constitution without a vote of the people on the same. This is the new despotism over the people of Kansas to which the Pierce-Buchanan party are pledged and bound. When you adopted the constitution of Wisconsin, you voted on it—after the convention had framed it. And yet that privilege is denied to the settlers of Kansas under the Toombs-Douglas bill, and that denial is endorsed by the Buchanan party which asks your suffrage in order to consummate this new form of the despotism of Slavery.—*Wisconsin*.

These objections to the Know-Nothing bill for making Kansas a Slave State are well taken.—Another of not less weight must be borne in mind. Under the original Kansas-Nebraska bill, the right of suffrage was granted to emigrants from the Old World, who had declared their intentions to become citizens. A large number of Germans, Irish and others, of foreign birth, have sought homes in Kansas, trusting to this provision to secure the right of citizenship. But they are doomed to disappointments. The Sham Democracy have discovered that the German and other foreign-born settlers in Kansas are for FREE LABOR and a FREE STATE. Hence, their recent move in the U. S. Senate, to disfranchise this class of voters, and thus give slavery a better chance. The bill for that purpose passed the Senate *by the combined vote of the Know-Nothings and Democrats* against the united opposition of the Republican ranks. And all the organs of the Sham Democracy, in the field and elsewhere, approve of this measure for excluding foreign-born settlers in Kansas from the right of suffrage and thus indirectly aiding the Pro-Slavery party in that Territory to carry their point!

MAUNCHAUSEN AGAIN.—The Beaver Dam *Republican*, which published the twin fabrications that Col. FREMONT was a Know Nothing and a slaveholder, has just started a bolder and still more original invention. Here it is:

It is well known, however, that Col. Fremont has got an agent in Europe, who is instructed to raise half a million on Mariposa security, to be invested in the present campaign.

Can't the *Republican* improve on this story, and call it a million, instead of half? Only half a million of "British Gold" for electioneering purposes sounds small.

CONVICTION AND SENTENCE OF THE "SAFE" MEN.—The three men named William Barret Thompson, alias Ben Empt, Wm. D. Rowlands, alias Joe Brown, and Mason McGill, alias Clem. Davis, were on Monday last tried, convicted and sentenced in the Recorder's Court of Chicago, to *three years imprisonment each*.

Mr Pinkerton, the able detective officer of Chicago, arrested these men for the "safe game;" the dupe upon whom the cheat was practised was one of Pinkerton's "shadows" who played the "green un" to perfection.

CONCLUDED.

JERUSALEM, April 8, 1856.

Passing up the valley of Jehoshaphat, on the east of the city, we came to the tombs of Zacharia, Jehoshaphat and Absolom. That of the former is cut out of a solid rock, and has Doric pillars in front. The latter is the same alluded to in 2 Sam XVIII. 18. There is a custom among the Jews to throw a stone at it whenever one passes. This accounts for the great pile of small stones rolled down the hill near its base, and for the large hole worn into the monument where these stones strike it. I believe it originates in the disrespect which the Jews have to this day for his memory, on account of his rebellion against his father.

At the head of the valley stands the garden of Gethsemane. It was with the most profound feelings that I entered this sacred enclosure, for it is now surrounded by a high stone wall built, I believe, by the Latins. The wall does not enclose more than an acre of ground, which is kept neatly, laid out in walks and adorned with wild and cultivated flowers. An old Monk waits upon travellers who knock at the gate. There are eight Olive trees in the garden, whose longevity is very great. They seem to have renewed their age for many times, for while death has apparently left his finger marks on one side, they have apparently commenced again, turning in another direction, and growing on until a new effort takes place, thus exhibiting a continuous struggle between life and death, until at last the trunks of the trees appear to be scarred and ribbed all over. These trees measure from 24 to 25 feet in circumference; and when measured at the bottom, near the roots, are thirty feet. And here the Christian of all denominations, in the sublime language of the poet, may

> "Among the Olives kneel,
> The chill night blast to feel,
> And watch the moon that saw his master's agony."

The location of Jerusalem, when the country was in a state of prosperity and wealth, must have been exceedingly fine, and no doubt justified the Scriptural remark "Beautiful for situation, the joy of the whole earth is Mount Zion." To the north, and sloping southerly, is the Mount of Olives. This is partly terraced and improved, and Olive trees still are cultivated and grown on its sides. From this point the city is seen to the best advantage—almost every building can be counted, with the lofty domes and minarets of the churches and mosques. Far to the east lie the mountains of Ammon and Moab, and in clear weather can be distinctly seen the Dead Sea, resembling a long line of blue, threading along the verge of the horizon. It lies nearly 4,000 feet below the level of the city, and as the summit of the Mount of Olives is 1,000 feet above the city, the difference between the top of the Mount of Olives above the level of the Sea, must be nearly 5,000 feet.

On the summit of the mountain there is a mosque built by the Mahometans. As we passed into a room adjoining it, previous to ascending to the top of the lofty summit, we found several of them sitting down on the floor hearing some music which was made by a small band playing upon stringed instruments. Among them I noticed the harp. We were politely received, and invited to sit while they handed around some coffee which they happened to be partaking when we entered. The Turks are most always drinking this beverage, which they like at all times; but as we had just finished our breakfast, we declined. After having a good view from the minaret we were taken into a separate building—a small temple-looking building which has been erected over a large rock, and there shown what purports to be a print made in this solid rock by a human foot—that of our Saviour as he ascended from earth to Heaven. It is about the size of a man's foot, and with the aid of a strong imagination, the heel, the ball and toes of the foot may be traced out. The mother of Constantine here once built a chapel in commemoration of the event; but all that is left of it is eight marble columns used in the present building. This is the only spot the Christians and Mussulmen hold in common, for the latter believe in the divine character of Christ, and after Mahomet they think him the greatest of the prophets. This is undoubtedly the identical spot alluded to in Luke XXI. 37.

But I hasten to give an imperfect description of the Holy Sepulchre—the shrine that leads the Christian pilgrim from the remotest corner of the earth before which to bend his knee, ere death shuts out the scenes of earth from his view—the spot for whose possession five times the best blood and treasure of all Europe has been freely spent, and the spot on which the Saviour of mankind suffered martyrdom by crucifixion, the most horrible of all deaths, for the salvation of a wicked world. The street from the house of Pontius Pilot to Mount Calvary, up which he walked to the place of his death, is quite steep and bears to this day the name of *via dolorosa*, the dolorous way. The house of the Roman Governor is still shown, and has the appearance of being old enough at least, to justify a belief in its identity. The steps are said to have been carried to Rome which led into the room of the judgment hall. This I find to be current here, and in former letter a from Rome I described the manner of penitents ascending on their knees this *sacra scala*. Over this street, not far from the last ascent to arrive at the summit of Mount Calvary, is an archway, where it is said that Christ stopped to rest. In one of the walls there appears an indentation, and tradition has pointed this out as an actual mark made by the cross in leaning up against it. Here it is also said that he was shown to and derided by the populace.

The building or buildings known as the holy sepulchre, seems to be a large pile covering an area of 300 feet square, and erected at different periods. The front is not imposing, but, on the contrary, would be taken for a very ordinary mosque or church. The main central building has a large dome like that of the Pantheon at Rome, 130 feet in diameter, resting on arcades. In these arcades, and other buildings attached, are chapels and small churches, which have been divided off and allotted to different sects of christians. I think there are eighteen in number, all claiming to be the true and only christians; but their conduct to each other, and their example to the world, is anything but christian-like.—Among them I can only name the Romans, Greeks, Armenians, Copts, Abyssinians, Molars and Maronites. As they all have to pass through the same entrance, and use some of the places in common, it not unfrequently happens that bloody quarrels ensue, often resulting in wounds and death. So fearful as well as fatal is this warfare upon each other, principally among the three first orders of christians, that the Turkish government has been obliged to take the matter into their own hands; and for years, anomalous as it may appear, Mahometan soldiers have been stationed all over the holy sepulchre during easter week and other church holidays, in order to prevent these different sects from falling upon and tearing each other to pieces. One of the ceremonies called the Sacred Fire, similar to the liguefaction of the blood of San Genario, which I described in a former letter from Naples, gives rise to a great deal of contention among these various sects.

The main object of attention in the whole building, and around which there is always a great crowd, is what is called the sepulchre itself. This is a small but beautiful temple like building, standing in the centre of the church.—The marble material has a rosy hue, and was brought from the Red Sea. Led by a priest we entered the holy of holies. We were here shown the stone on which the angel sat; also, the stone that was laid against the door of the sepulchre. Stooping, we were again conducted to another inner room, flooded with lights from lamps of gold which are continually burning, containing the sarcophagus into which the body of Christ was placed after the crucifixion. From here we next descended to the vault hewed out of the solid rock, where was shown the sepulchred vault of Joseph of Arimathea. From here we were then taken into various parts of the church, both above and below, and were shown the place where the Saviour was confined previous to his crucifixion—the stone on which he sat while being crowned—the place where his garments were parted—the pillar on which he sat during his flagellation—the fissure in the rocks that were rent in twain—the room in which Mary his mother sat during the crucifixion, and lastly, the place where the empress Helena found, among a pile of rubbish, the true cross. The latter place was in a subterranean vault, many feet under the church, but brilliantly lighted with lamps. The crowds of processions moving solemnly along in various directions with different orders of priests, the chanting of music, accompanied by the deep tones of the organ, the flitting past spectral shadows of pale men and women, whose constant vigils make them appear to belong more to the dead than living, the low and sepulchral voices of the half famished beggars that ask for alms, all taken together, invest the place with a reverential awe that cannot be easily effaced from the memory. But those who excited my sympathy and pity the most, were the poor worn out pilgrims who had come from foreign lands to see the spot where their redeemer died, breathing on their lips from their hearts,

> "Blest land of Judea! thrice hallowed of song,
> Where the holiest of memories pilgrim-like throng,
> In the shade of thy palms, by the shores of thy sea,
> On the hills of thy beauty, my heart is with thee!"

These poor creatures with wasted limbs, blanched cheeks and sunken eyes, would be there early and late upon their bended knees, and from their earnest looks and anxious countenances, I have not the least reason to doubt the sincerity and earnestness of their devotions. F.

Col. Fremont.

The Charleston *Mercury* of the 24th of September, 1847, says:

"We regret to learn that Col. Fremont, whose departure for Aiken we noticed a few days since, did not reach that place to see his mother alive. She died but a few hours before his arrival. He accompanied her remains the next day to this city, and after witnessing the last sad rites, left here the evening following for Washington. In this affliction, rendered doubly poignant by his deep disappointment in not receiving her parting look of recognition after his long and eventful absence, he has the sympathy of our entire community.

"The marked and brilliant career of Col. Fremont has arrested general attention and admiration, and has been watched with a lively interest by his fellow citizens of South Carolina. Charleston particularly is proud of him, and the reputation which he has at so early an age achieved for himself. She claims him as something in which she too has a share. But for the melancholy circumstance attending his visit, our city would have manifested by suitable demonstration their respect for him, and their continued confidence in his honor and integrity. It will require something more than mere accusation to sully them in the minds of the people of Charleston. Some months since, a sword was voted to him by our citizens, the individual subscriptions to which were limited to $1; it now awaits his acceptance at a suitable opportunity. We are happy to learn that the ladies of Charleston propose, by a similar subscription, to furnish an appropriate belt to accompany the sword, an evidence that they too can appreciate the gallantry and heroism which have so signally marked his career, and have thrown an air of romance over the usually dry detail of scientific pursuits."

THE DEMOCRACY OF OLD HERKIMER FOR FREMONT!—A County Convention of the Democracy of Herkimer County, New York, was held at Herkimer on the 12th inst. It was fully attended by the best and truest men of the party. The question of endorsing Mr. BUCHANAN and the Cincinnati Pro Slavery platform, was distinctly presented, and after discussion it was unanimously resolved to *repudiate both*. The Convention then, with great unanimity, declared for FREEDOM and FREMONT. In obedience to this expression, the Mohawk *Courier*, for many years the able and faithful organ of the Democracy of Herkimer, has struck the black flag of BUCHANAN, Piracy and Slavery, and run up the National Color of FREMONT and Liberty. This movement of the "Tenth Legion" of the New York Democracy is a most significant one. It shows how the popular current is setting in the Empire State.

Laying of the New Foundland Submarine Cable.

SYDNEY, C. B., Saturday, July 12, 1856. }

The submarine electric telegraph cable for the New York, Newfoundland and London Telegraph Company was successfully laid on the 10th inst., from the steamship Propontis, Captain Goodwin, under the direction of Mr. Samuel Canning, across the Gulf of St. Lawrence, between Cape Ray Cove, N. F., and Aspy Bay, C. B., a distance of eighty-five miles, in fifteen hours. Messages are now being freely and instantaneously transmitted from shore to shore.

(We understand that the Company have about 700 men at work in Newfoundland and on Cape Breton. The Newfoundland line from St. John's to the point, where it intersects with the lines of the American Telegraph Company in Nova Scotia, will be about 600 miles in length, and it is confidently expected that the whole will be completed and in successful operation by the first of September, and from arrangements already completed, it is also, we understand, confidently expected by the New York, Newfoundland and London Telegraph Company that the cable to connect Newfoundland and Ireland will be laid down during the ensuing year. The best electricians and practical telegraphers entertain no doubt but the extraordinary Printing Telegraph recently invented by Mr. Hughes has removed every serious obstacle in the way of the triumphant success of the Transatlantic Line.

We understand that Cyrus W. Field, Esq., one of the prominent members of the New York, Newfoundland and London Telegraph Company, will leave for Europe this week to complete arrangements for the immediate commencement of the Transatlantic Line.—*N. Y. Tribune*.

Political.

An important political movement among the Germans has lately taken place.

A convention of delegates from the Turnverein Associations of New York, New Jersey and Connecticut was recently held at Military Hall, in Ewen street, Williamsburg, for the purpose of amicably arranging some matters of difference between the Eastern and Western associations.

Franz Deck presided and F. Huns acted as Secretary. Twenty-eight societies were represented, and the matters in question duly arranged. Afterwards a political discussion arose, and the delegates reported that all of the associations were in favor of the election of Col. Fremont. There are 60,000 Turners in the United States, of which about 7,000 reside in the Southern States, and are in favor of the election of Buchanan. In New York and New Jersey there are about 10,000 Turners, and it is reported that with the exception of about 200, they are Fremont men.—*N. Y. Mirror, July 14th.*

THE WHEAT CROP.—We are informed that the chinch bug is living riotously on the wheat in some localities in our neighborhood. This troublesome insect showed itself last season, and did much damage to the grain, and will undoubtedly injure the crop severely before the coming harvest.

The rust has also showed itself in some spots. Notwithstanding some of the farmers will lose fields of wheat from these causes, the general yield bids fair to be greater than it has been for two years past.—*Watertown Gazette July 17.*

THE WEATHER AND CROPS.—The weather, though not excessively hot, continues sufficiently warm for the rapid growth of vegetation. An occasional shower keeps the earth in a moist condition, but it has not been thoroughly soaked this season. Crops of all kinds look fine. In some localities, the drouth in the early part of the season, affected the wheat crop so much as to prevent a heavy growth of straw, but the heads are well filled, and the berry unusually plump and full. Corn and potatoes have been somewhat retarded by the drouth soon after planting time, but with a favorable season from this until after harvest, they will yield an abundant crop.—Oats look remarkably fine, and are almost ready for the reaper.—*Mineral Point Tribune, July 17th.*

Life of Fremont.

The following review of the above named book, is from the New York *Evening Mirror*. It is a merited tribute to talent and worth, written by one who has thus far favored the fortunes of Mr. FILLMORE in the contest now progressing, in preference to those of any other candidate. We bespeak for it a careful perusal:

This is a Life worth reading. It is full of events, full of romance, full of results. John Charles Fremont has written his name on the everlasting hills, "rock ribbed and ancient as the sun;" and given it to "the flowing streams that lucid flow forever." He has unrolled to the knowledge of the present and future generations the magnificent geography of a virgin continent; and turned out the golden streams of unknown Sierras into all the channels of the commercial world. He is the hero of a more glorious epic than Homer ever sung; and has braved more deadly dangers than the victor of a hundred battles. It is not strange, therefore, that while the heart of the American people is thrilling at the story of his adventures, a feeling of personal admiration should be awakened, which insists upon rewarding the living hero with the highest honors in the gift of the nation.

Courage in man, like chastity in woman, is the very virtue of virtues. It compels the homage of the world; and wins the protecting favor of heaven. No one can read the life of Fremont, and resist the conviction that he is one of the bravest and most death-daring men that ever perilled his life in the pursuit of a purpose, or in vindication of a principle. And all his sufferings and dangers have been encountered, not in the cause of war, but of science, not amid the excitement of a battle field, with the glittering guerdon of the conqueror, to inflame the intoxicating passion for glory; but far away in the lonely and perilous passes of the Mediterranean mountains, where his comrades were hourly falling at his side, pierced by the terrible pangs of hunger, the icy breath of winter, or the deadly arrow of the lurking savage. In scenes like these our intrepid Columbus of the wilderness battled with death, as calmly and heroically as Leonidas met him in the pass of Thermopylæ.

It is not our purpose in noticing this volume to give an abstract of the remarkable life it represents. We suppose at least a million readers will, within the next sixty days, follow the great explorer in his terrible journey "from the wilderness to the sea." Some half a dozen publishing houses in different cities have announced various versions of the same narative, which will be showered all over the country as "thick as leaves in Valambrosa." Whatever may be the result of the political contest now going on, the people are incidentally obtaining a knowledge of the geography of this "great and glorious country" through the life and services of Fremont, which will be likely to open their eyes wide to the interests of our boundaries, and kindle a new desire in the hearts of thousands of enterprising young men to follow the "Star of Empire" in its westward course! This "Life of Fremont" will give fresh impulse to emigration, and lead to more expanded views of the magnitude and destiny of the Republic. It is a record that cannot fail to stimulate a noble ardor in the pacific field of science; in the progress of civilization, and prompt to high achievement in all those peaceful paths of patriotic ambition, which a grateful people delight to honor with the laurels of victory unstained by the crimson hues of war. Will any reader, unbiased by partizan feeling, after a candid perusal of the volume under notice, charge us with extravagance, if we venture to assert the opinion that there is no man living in the United States this day, who has done more for the glory, honor, riches and power of his country than John Charles Fremont.

From the N. Y. Tribune.

Brooks for Buchanan.

One of the most interesting documents yet brought forward to support the election of Mr. Buchanan is the letter of Mr. Preston S. Brooks, M. C. of South Carolina, which we copy on another page. This is the Brooks who distinguished himself as the champion of South Carolina, by taking Mr. Sumner by surprise and at a disadvantage, and nearly killing him with a bludgeon. This is the same Brooks who, the other day in Court, prefaced the payment of the three hundred dollars, which that gallant deed cost him, with the declaration that he would do it again on the first occasion.

It will be seen that this brave and high-minded Southerner now devotes himself to the cause of Mr. Buchanan. The reasons which prompt this devotion on the part of Brooks are no doubt partly personal. He cannot but be actuated by gratitude for the sympathy and support which the leading men in the party of Mr. Buchanan, and the presses in his interest, North and South, have manifested toward him in connection with his late victory in the Senate chamber. That alone might suffice to bind him firmly to the candidate in question. But there are other and larger reasons which are better worthy of consideration. It is true Brooks would have preferred Pierce or Douglas as candidate, but he cheerfully accepts Buchanan because he is the representative of the principles of those two eminent statesmen; because he stands upon the same platform and avows the same doctrines with Pierce; and above all, because he has indorsed and pledged himself to carry out those doctrines "*as practically applied to the Territory of Kansas.*" Such are the grounds on which Mr. Brooks invites the American people to join him in supporting Mr. Buchanan. He would have that gentleman chosen President because, like Pierce, he is bound not to interfere with any amount of robbery, arson, murder, judicial oppression and civil war that may be needed to consummate the great work that Pierce, Douglas and Jeff. Davis have so brilliantly begun, of making Kansas a Slave State. The reasons and the advocate are worthy of the cause. Who is there that Brooks cannot persuade to vote for James Buchanan and for the establishment of Slavery and the destruction of the Free settlers in Kansas? If there are persons who are not persuaded by the argument of this head-breaker, such may be terrified by his threats. It should be noticed that he takes up the same strain which Messrs. Fillmore and Buchanan have chanted before him, and announces the dissolution of the Union for the day after Col. Fremont's election. Alarming Brooks!

PLATTEVILLE ACADEMY.—The Annual Examination and Decennial Celebration of this Institution took place to-day. We were present to witness a part of the exercises, and were much gratified with the exhibition. It was truly a literary feast. The citizens of Platteville, nay, of the whole State, may justly feel proud of this Institution. J. L. Pickard, Esq., the Principal, is just the man for the place. To him more than to all others, are the people indebted for the success of the Platteville Academy. For the last ten years he has devoted his untiring energies, to build up such an institution as was needed in Western Wisconsin, and most admirably has he succeeded. Long may he live to witness the fruits of his labors.

The present building being found insufficient for the growing condition of the institution, the contract has been let, and the work commenced, for another, nearly as large as the one occupied.—*Mineral Pt. Tribune.*

"Can't go it!"—It is understood that Judge Collins, of Madison, one of the ablest of the Old Line Whigs of Wisconsin, declines to support Fremont.—*Appleton Crescent.*

The above is untrue. Judge Collins, though precluded from taking an active part in politics, by his position on the bench, warmly approves the action of the Philadelphia Convention, and of the ticket there nominated.—*Madison Journal.*

A VALUABLE GIFT FOR THE PRINCE IMPERIAL.—A letter from Rome to a Brussels paper says: "Among the presents taken by by Cardinal Patrizzi to the imperial family of France, there is one that deserves especial mention. It is a large emerald, but is formed of two parts fitted to one another, and it encloses a straw from the manger of Bethlehem. The Prince Imperial is to wear this relic around his neck. The straw has been blessed by Pope Pius IX."

CONGRESSIONAL.—FRED HORN A CANDIDATE.—The Port Washington Zeitung has an article advocating the claims of F. W. Horn to the Democratic nomination for Congress in that district.—It says it is sure that he "has no more private speculations, land grants, &c., to carry through Congress" and is "persuaded he would keep the good of the whole district solely in view." Fred is always neglecting his private interest for the public good!—*Madison Journal.*

☞ Our Crawford friends speak encouragingly of the prospects of Fremont and Dayton in that county. The Journal promises a majority that will astonish both "friends and foes." We have heard the majority estimated at 1,200. This will do. Erie will, we think, go up to 2,000.—*Erie Gazette.*

WEATHER AND CROPS.—For some weeks the weather has been very warm, and the frequent showers therewith send all kinds of vegetation ahead with magic speed. Farmers from different parts of the country assure us the wheat crop promises to be prime.—*Grant Co. Herald July 12th.*

ALL WOOL.—Mr. E. D. Montros, of York, Dane Co., has taken, this season, 21 fleeces from his French merino sheep, weighing 249 pounds. Who can beat it?—*Madison Argus.*

☞ A gentleman from Sauk City informs us that the report of the excitement there respecting the murder of Davis is incorrect. No attempt was made, and there was no thought of lynching Millard.—*Madison Journal.*

FOURTH OF JULY AT ST. PAUL.—The Orator of the Day at St. Paul, on the recent anniversary of American Independence, was our former fellow-citizen, DANIEL SHAW, Esq. The Minnesota *Pioneer* and *Democrat* thus tells how he acquitted himself:

The oration delivered by Mr. Shaw, at the Capitol, on the Fourth, was an able and eloquent production. We have rarely heard such unanimity of opinion on any subject, as appears to prevail among our citizens in reference to this oration. The orator wisely avoided those claptrap appeals which have become so disgustingly common in Fourth of July addresses, and contented himself with a searching, philosophical, and eloquent analysis of the elements of our country's prosperity, and of the rise of civil and religious liberty in both hemispheres. Free Schools and free press, governed and controlled by an enlightened and liberal religious sentiment, the orator argued, were the source of all our prosperity, and so long as those agents retained their present vigor, there was no cause for apprehension as to the future of the country.

The attendance at the Capitol was large, and the sentiments contained in the oration, called forth repeated outbursts of approbation.

A HUSBAND MISSING.—On Tuesday morning a man named Joseph Yates, with his wife, arrived in this city by the steamer Traveller, from Milwaukee. The husband, almost immediately after their arrival, disappeared, and it is thought by his wife to have absconded. He took with him between five and six hundred dollars, leaving her without any means whatever. She is desirous of learning where he went to. Their baggage was checked for the Michigan Southern Railroad. Yates has light hair, sandy whiskers, thin features, a large nose, thick lips, and he stoops somewhat. He wore a suit of black clothes and black felt hat.—*Chicago Dem.*

RACINE.—We lately had occasion to tarry a night at the commodious and well-kept Hotel, the Baker House, at Racine, and improved the evening in looking about the town, which is near forty feet above the level of the Lake, and is, therefore, very healthy. J. H. Dunham, Esq., merchant of this city, and a large number of other citizens of Chicago reside there. Its advantages for schools are said to equal those of any place in the United States. We counted ten churches and four large hotels. Its population is about 10,000.

Hermon Warner, formerly of this city, is doing a large Land Agency business here.—*Chicago Dem.*

MAN MISSING.—Andrew Johnson, a Swede, went away from his home near Lill's brewery North Division, on Monday morning last, since when he has not been seen. He was a laboring man, and started to go to his work. He is about 34 years of age, large stature, and wore a dark colored coat, with velvet collar, straw hat and parti-colored pantaloons. Any one who can give any information of his whereabouts is requested to call on Capt. Connett, at his office court house building.—*Chicago Dem.*

STONE FOR MILWAUKEE.—We notice another cargo of our fine building stone for Milwaukee. The schooner Perseverance, Capt. Gaylord, cleared with 300 tons of Athens stone for Milwaukee yesterday. The Milwaukeans give us their splendid brick, and we return them, in exchange, our beautiful stone.—*Chicago Dem., of yesterday.*

PENNSYLVANIA.—We have the most cheering news from Western and Northern Pennsylvania, the reaction is almost as great as that of 1840 and 1844. Even State pride will not allow some of "old Buck's" personal friends to vote for him, upon the platform he runs upon—the extension of human slavery.—*N. Y. Post.*

DEATH OF TWO OLD CITIZENS.—The Albany Evening *Journal* of Monday last announces the death of JOHN J BOYD and ARCHIBALD CAMPBELL, two old and highly esteemed citizens of Albany.

A HUMAN LIFE SAVED.
DOWAGIAC, Mich., March 11, 1856.

J. A. RHODES, Esq.—Dear Sir—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS A. RHODES, Proprietor, Providence R. Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of [illegible] unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired by the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, otherwise they could not effect a cure so quickly. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in the composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, JR., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five or six doses to effect a cure. Enquire for TRAVER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. TRAVER, 397 Washington street, Boston.

TONICS WON'T DO!

THEY never did do more than give temporary relief and they never will. It is because they don't touch the cause of the disease. The cause of all ague and bilious diseases is the atmospheric poison called Miasma or Malaria. Neutralise this poison by its NATURAL ANTIDOTE, and all disease caused by it disappears at once. Rhodes' Fever and Ague Cure is this antidote to Malaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New-York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUE, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician:

GEORGETOWN, Ohio, March 17, 1856.

JAS A. RHODES, Esq.—Dear Sir—Towards of the 2d inst., is at hand. The Cure arrived last year, and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine—not knowing I presume that the remedy contained the DRUG ITSELF!

This remedy (known as "Smith's Tonic,") would invariably BREAK an Ague, but it did not CURE it, as it would often return with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Fever," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was (as in all such cases) slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period of two had elapsed it would return.

I think there will be no difficulty now in giving to your "Cure" the vantage ground of any other remedy now in use here, &c., &c.

WILLIAM BUCKNER, M. D.

RHODES' FEVER and AGUE CURE, or ANTIDOTE TO MALARIA, the only harmless remedy in existence, is equally certain as a PREVENTATIVE, as a "CURE."—Take it when you feel the chills coming on, and you will never have a single one.

SPECIAL NOTICES.

☞ WE would recommend our invalid readers to give "Hoofland's German Bitters" a trial, as we feel assured a medicine that can produce such evidence as the following, in its favor is invaluable.

J. D. SPRING says

FREDONIA, Monroe Co., N. Y., Feb 27, 1855.

"Send me a fresh supply of Bitters immediately. It gives the very best satisfaction. One gentleman had been troubled with Dyspepsia for a long time, and spent the most of last summer at a noted Water Cure establishment, but found no relief whatever, until he used the Bitters. *He is now entirely cured.*"

REV. P. P. PFISTER says

NEW DANSVILLE, N. Y., 1854.

Dr. C. M. Jackson—Dear Sir—I request you to send me by the first opportunity, three bottles of "Hoofland's German Bitters," and I am glad to state that the Bitters have cured different persons of my acquaintance, when physicians' help was without effect, especially in hemorrhoidal cases (bleeding piles,) the effect and cure was sure and certain.

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored with so little or no defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to my printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all powerful, pain-subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No Pain Extractor is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 79 Barclay and 222 Greenwich street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States.

THE DAILY SENTINEL.

Friday Morning, July 18.

CITY MATTERS.

POLICE COURT, JULY 17.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

William Fagke, refusing to obey officer, fined $8; John Doe, drunk and disorderly, fined $8; Famion Bishley, drunk, fined $1; John Ikke and Frederick Lambright, for swimming in river, each fined $2; Harvey Truman drunk and disorderly, fined $10; Richard Redfield, drunk and disorderly, fined $8; John Kenny, drunk, fined $1; Joseph Bailey, second offence, drunk, fined $2.

RESISTING OFFICERS.—Darbey Carney, Patrick Cunningham, William Herley and Dennis Rowe, were brought up on a charge of resisting Policemen Shaughnessey and Collins; the case was continued to July 21st, at 9 A. M.; two of the parties gave bail.

One of the prisoners was severely cut on the head with the club of the Policeman, and Shaughnessey had his eye brow cut "wid the stroke of a poker;" it appears to have been a touch of "Donnybrook" while it lasted.

EXTORTING MONEY FROM A PROPELLER CAPTAIN, BY THE CITY OF MILWAUKEE.—In the afternoon, the Captain of the Propeller Adriatic, appeared in Court in answer to a warrant against his boat, issued on behalf of the City of Milwaukee, claiming $8 for damages done to Spring St. Bridge by the Adriatic, in a collision in passing through the bridge.

The Captain, an off-hand honest sailor, declared his willingness to pay the *full value* of the damage done, but objected to the gross extortion of charging $8 for one stanchion and a *few* nails, declaring that if he had time, or was coming back again, he would fight the suit, knowing that he could beat them in the end; that his boat had a right to navigate Uncle Sam's streams, and that the City of Milwaukee had *no right to permanently obstruct a navigable stream with fixed aprons to bridges.*

The matter was finally settled by the Captain paying $4 damages and costs, about $9 in all.

The damages sworn to in the complaint was $8, and from the honest straightforward manner of the Captain we believed it a gross and shameful extortion, and to satisfy ourselves, went immediately down to the bridge and examined the damage done; asked several to look and judge for themselves, and no man put it more than *one dollar*. It is on the N. E. corner of the west apron of Spring St. Bridge, and the public as they pass can judge for themselves. It is not the first time Propellers and other vessels have been grossly swindled by some of the city officers of this city. If the cost of a stanchion and about 8 feet of rail be $8, as sworn to by the complainant, the city ought to congratulate themselves on having the bridges built so cheap.

Nathan Brocks, for resisting an officer, was fined $5 and costs, the lowest fine permitted under the ordinance, from the fact of the defendant expressing his ignorance of the law, and regret at the act of resistance.

Melancholy Suicide.

A young man, between 19 and 20 years of age, named GILBERT M. SMITH, a son of J. B. SMITH, Esq., of this city, committed suicide, by shooting himself under the right temple, on Wednesday night, at his father's residence, on Van Buren street, between Oneida and Biddle streets. Young Mr. Smith was a member of the Milwaukee Light Guards, and was with them at the Target Excursion during Wednesday, and seemed in excellent spirits, and in good health, during the day. After returning to the city, he was heard to remark, frequently, upon the death of his friend, GEORGE H. SILLMAN, which seemed to prey upon his mind, and seems to be the only cause assigned for his melancholy end.

He returned to his home at about eleven o'clock, Wednesday night, and went to his room, when, in a few minutes afterwards, the report of a pistol was heard, which, at first, was thought, by his grandfather, to have been fired from the street. The door of his room was tried, after several calls upon him were made, and no answer returned. The door was then forced open, he having placed a window sash against it. On entering the room, he was found lying upon the bed undressed, his life nearly extinct; he died in a few minutes afterwards, with the pistol still grasped in his hand.

What adds greatly to the sad event, is the absence of both his parents in New York. They were immediately informed of the sad occurrence, by telegraph, and left New York yesterday. They requested that the body of their son might be kept until their return. Every precaution has been taken to keep the body in accordance with their request. They will probably be back to-morrow, at noon, and the funeral will be deferred until Sunday morning.

Young Mr. Smith was a great favorite with his comrades of the Light Guard, and was a good soldier. He appeared to have enjoyed himself greatly at the Target Excursion of the Light Guards, and no other reason seems to be assigned for the act than excessive grief for the death of his friend Sillman, having produced a fit of temporary insanity. He leaves a large number of young friends, who are deeply moved at his death. His parents are among our oldest residents, widely known in our city, and respected by all. How shocking the message that bore to them, with the lightning's speed, the news of their beloved son's death! But as yesterday, they left him, budding into manhood, in health, in the full flush of youth.—To-morrow they behold him, their boy, still in death—his heart has ceased to beat. Their innumerable friends will cluster around them, and sympathy, sincere and deep, will be felt for the sorrowing, mourning parents. His young friends, and his comrades of the Light Guards, as they follow him, to the last resting place of us all, will drop the silent tear upon the grave of their friend and fellow soldier.

Greeting to Liverpool.

We mentioned some days since that the Brig *Dean Richmond* had been chartered to load with wheat direct for Liverpool, and that her cargo was principally made up here. The *Richmond* is now in our port, loading, at the Warehouse of Messrs. H. & J. F. Hill; the wheat having been purchased for shipment by Mr. Kershaw of Montreal. As this will be the first clearance direct from Milwaukee to Liverpool, the members of the Corn Exchange and Board of Trade propose to send by the *Richmond* as presents to the Liverpool Board of Trade and Corn Exchange, several engraved maps and lithographed views of our city, some samples of our renowned Milwaukee brick, files of all the papers published in this city, and statistics of its growth, business and population. These, with the choice sample of wheat which the *Richmond* is to carry, will give the merchants and traders of Liverpool a very fair appreciation of Wisconsin, as a grain producing State and Milwaukee, as a prosperous Commercial city.

FOR COLLINGWOOD.—The splendid steamer *Queen City* leaves this port for Collingwood this morning, at precisely 8 o'clock. A trip around the Lakes by the fine, capacious and gentlemanly officered steamers of this line, during these scorching days, must be peculiarly delightful. Touching at Mackinac and the Manitou Islands, an opportunity is afforded those who would spend a few days in cool retreats, to enjoy the pleasure to their heart's content. Apply to L. D. JEROME, corner of Main and Huron Street, for tickets, and any information desired in reference to this popular route.

COLD SPRING RACE COURSE.—A trotting match, for a purse of $150, takes place at the above Course this, Friday, afternoon, at one-half past three o'clock.—Mile heats, best two out of three. The following are the entries: G. W. Nickerson's g. g. *Corn Cracker*, and O. W. Dimick's b. g. *Jack Rossiter, Jr.*

FOR BUFFALO.—The propeller *Concord* will leave for Buffalo on Saturday afternoon at 5 o'clock, calling at all the intermediate ports to take over land passengers. For passage apply to JOHN GRIFFIN, agent, on Huron Street, near the American Express office.

NEW ARRIVAL.—Those Boynton Furnaces for heating public and private dwellings, have this day come to hand at RICHARDSON & GRAY'S, Wisconsin street, under Young's Hall.

REAL ESTATE SALES YESTERDAY.—Mr. J. S. FRAZEORS, Land and Collecting Agent, No. 4 Juneau Block, reports the following registered sales of Real Estate:

NEW YORK TAXES.—The valuation of the real and personal estate of this city, for the year 1856, is $517,889,200 94. This is a large increase on the valuation of last year, when according to the Comptroller's report, it was $486,992,278—a difference of $30,896,922 in favor of this year. The following table shows the value of city property at different periods:

1830,	$125,288,518
1835,	218,723,703
1840,	252,233,515
1845,	239,995,517
1850,	286,061,816
1855	486,992,278

Good judges think the real and personal property in New York cannot fall short of nine hundred millions of dollars. The tax levy of this year will fall little short of six millions dollars.

Valuable Stone Quarry for Sale.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty-five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R. R.

This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty-four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of *Water Lime*.

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best stone dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists and men wishing to engage in active business, this is a rare chance for speculation.

For price and terms, enquire on the premises of the proprietors, CHASE & HOLSTON. Milwaukee, July 10th, 1856. jy10d120d1ta

I WANT TO PURCHASE A HORSE to match the one I have. By the acts of providence I lost the mate of the one I now have. If I cannot match the one I now have, I want to purchase a good pair of horses for family use. I do not want *aristocratic* horses. I am a plain democratic man of the Jefferson school. I want my horses for business purposes and not for pleasure. Any one who has a horse, or who knows of any which would match mine, will confer a favor by letting me know of it, or if I can purchase another pair that will answer me, I would as soon do so.

I also want to hire a good faithful and honest coachman—one who will attend to his business without having me to scold him, or speak a cross word to him. I will give him good wages, and a good home for a long time. jy 4 CALEB WALL.

Terrible Rail Road Accident.

PHILADELPHIA, July 17.

A serious Railroad accident had occurred this A. M., on the Northern Pennsylvania Railroad, by the explosion of the boiler of a locomotive.—The cars were filled with the teachers and children of the St. Michael's Church Sabbath School, bound on an excursion. The cars were set on fire and several lives lost. The accident happened near Fort Washington. Rumor makes the killed from 60 to 200. No train had arrived yet from the scene of the accident. Other companies have furnished locomotives, and surgeons have been despatched to the scene of the accident.

A dispatch from Germantown says, numbers of the wounded have been brought there by private conveyances.

CINCINNATI, July 17.

R. Winans, vs New York & Erie R. R. This important case upon a patent for an improvement on eight wheeled cars, ends in a verdict for defendants, after a trial of 5 weeks, conducted by C. W. Keller, Blatchford and Seward for defendants.

The construction of the claim by the court was such that the plaintiff declined to proceed, and takes the case to the Supreme Court of the United States.

Congressional,

WASHINGTON, July 17.

SENATE—Mr. Toombs of Georgia introduced a joint resolution that the finding of the late Naval Board in the case of Lieut. Bartlett was in violation of the rights guaranteed to every citizen by the Constitution, and is therefore utterly void and of no effect.

Mr. Toombs said he would call up this resolution at a convenient opportunity.

The Senate then went into executive session on the navy appointments.

HOUSE—The House resumed the consideration of the resolutions of the committee on elections, declaring Mr. Archer instead of Mr. Allen, elected representative from the 7th district of Illinois.

WASHINGTON, July 16th.

A Democratic Caucus was held here this afternoon, of which Mr. Bright was chairman. It was merely for the purpose of a free interchange of opinion concerning the Presidential election, and comparing notes as to the relative position which those present considered decidedly favorable for success.

Mr. Hampton, correspondent of the N. Y. Tribune, was assaulted here this evening by Captain Pate, for a refusal to retract a statement made by him, that the latter showed the white feather for surrendering his company of 25 men to 15 Free State men in Kansas.

The correspondent of the *Courier & Enquirer* Washington 18th, says there was a long secret debate in the Senate over the naval promotions. The preliminary votes, on taking them up, was 21 to 20, but finally the nomination of Commodore Pendergrast was confirmed by a vote of 31 to 18. The nomination of another Commodore was confirmed without contest. The remaining promotions will now be confirmed without debate.

The Democrats in caucus to-night, are deliberating on a plan for the Presidential campaign, and whether in a view to Buchanan's advantage in States in the West, it would not be expedient to admit Kansas as a free State under conditions.

FOURTH DESPATCH.

PHILADELPHIA, July 17th.

The excursion train with 1100 children and their parents and teachers, came in collision with the down train on a curve near Ft. Washington, while the latter was going slowly and the former rapidly, endeavoring to reach the stopping place; both locomotives were crushed, and three cars of the excursion train rushing together caught fire and were consumed. Beneath the ruins were some crushed so that recognition was impossible. The scene was of the most heart rending and terrible description. The killed are Dr. Sheredon, chorister of the church, body not recovered; Hugh Campbell, Mary Kelly, Jas. McIntyre, Mr. Dogan, Edward Hale, Geo. Rivers, Jas. Hickey, Wm. Mevard, Henry Hayes, Mary McGraw, A. McGouk, Ellen Clark, Catharine McSnider, Kate McGiern, Jno. Brady, Margaret Marcy, Jno. Maguire, Jas. Harvey, Henry Harrison, engineer of up train; in addition to these 17 bodies were counted beneath the ruins of the cars, mostly consumed. 11 men and women and 2 children were consumed in one car. Total, killed 39; wounded 69.

The scene of accident is 14 miles from this city near two curves so an approaching train cannot be seen 500 yards distant and the track is a single one. When the locomotives came together they rose on end, their fire boxes nearly touched and scattered about the first excursion car. It caught fire and extended to the other cars piled upon it. Most extraordinary efforts were made to extricate the mutilated beings crushed under the wreck, many of them still alive; when the flames reached them, the groaning and cries that rent the air were awful. Two hotels, one dwelling, a blacksmith shop and a small shed within 300 yards of the disaster to shelter the dying and wounded. A number of Physicians from this city and Germantown were early in attendance with two engineers from the wreck, and after working for several hours the human remains beneath it were removed.

Nineteen bodies were removed to the blacksmith shop. 3 of them, supposed to be females were under another shed; 8 bodies, 20 charred so as to defy recognition. The body of Father Sheridan was recovered and brought to the city. An immense crowd was attracted to the spot from the surrounding country. Many of the friends of the dead and wounded walked from the city, and proceeded thither in every description of vehicles, which were taken and made use of in bringing wounded and dead to the city.

F. M. LANE'S PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.

THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways, and thus avoid loss of time in gigging back They cut with ease, when properly attended, Fifteen Hundred Feet per Hour They are not more complicated, nor more likely to get out of repair, than any other Siding Machine A Machine on this plan for sawing wide lumber in connection with an upright saw for slabbing the logs, will excel anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction. They are

MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE.

Under the supervision of the inventor, where Machines may be obtained, on application to PINNEY YOUNGS & CO.

We subjoin the following Testimonials of the estimation they are held in by purchasers:

PINNEY YOUNGS & CO.: MANISTEE, MICHIGAN, October 1st, 1855.

Gentlemen:—In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended. Yours truly
(Signed) SAMUEL POTTER.

MEDICAL.

DR. WEAVER'S
CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish These medicines are too well known to require anything more than a plain statement of facts The joyful intelligence is reaching us daily from East, West, North and South, of wonderful cures they are preforming.

See what is said by those who have used these medicines

The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate"

Dr A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg"

J Hatfield Fraser, Esq., editor of the Somerset Whig Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians"

Hon Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once"

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success

Boynton, of Perkinsville, Vt., ask F. L. Kent, of Chicago, Ill; ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm F. Keables, or Wm P. Benjamin, Esqs., of New London, ask Dr. H. M. Murdock, of Pulaski, N. Y., ask J. C. Smith, of Brooklyn N. PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written See circular and the following

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admired its wonderful effect My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so,

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1853.

Prof O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c., ——

GARDINER, Me., June 22, 1855.

Mr Dyer Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color You can recommend it to the world without the least fear, as my case was one of the worst kind

Yours, &c.,
DANIEL N. MURPHY.

ST LOUIS, March 7, 1854.

Prof Wood —My hair commenced falling off some three or four years since, and continued to do so until I became quite bald I tried all the popular medicines of the day, but to no effect At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted

A. C. WILLIAMSON,
189 Second Street.

ST LOUIS, June 29, 1855.

Prof Wood —As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,
R. L. STEWART.

Compound Fluid Extract of
SARSAPARILLA.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence of life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends Numerous preparations of Sarsaparilla and of Buchu and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence, are most frequently improperly made and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations.—It is, therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible form for their exhibition The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water, is equal to the Lisbon diet drink, and one [illegible] usually [illegible] gallon of Syrup Sarsaparilla [illegible] made.
